M4 T10

POMPE D'INJECTION
grout pump

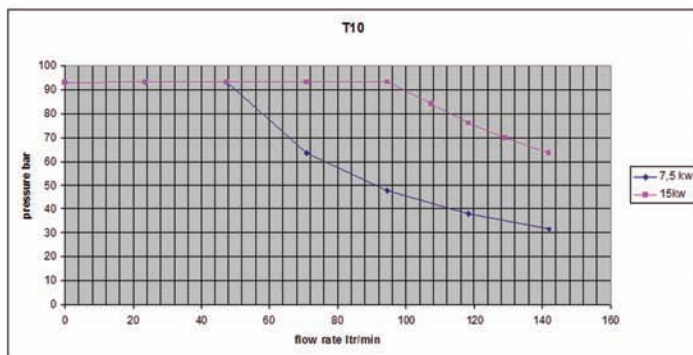

150 lt/min - 90 bar

Operative diagram with 7,5 Kw

Operative diagram with 15 Kw

Caractéristiques techniques / Technical Features

Double piston plongeur / Double plunging piston	
Moteur électrique / Electric motor	7,5/15 Kw
Pompe hydraulique a debit variable / Variable displacement pump	
Diametre des pistons / Piston diameter	4"
Course du piston / Piston stroke	250 mm
Pression maximum d'injection / Grouting pressure max	90 bar
Diametre d'aspiration / Suction diameter	2"
Diametre d'injection / Output diameter	1" 1/4
Débit maximum d'injection / Flow rate max	150 lt/min

Dimensions et poids / Overall dimensions and weight

Largeur / Width:	1000 mm	Hateur / Height:	1.300 mm
Longeur / Length:	1.500 mm	Poids / Weight:	450 Kg
